The provisions of this tariff are in addition to and subject to Commonwealth of Kentucky Statutes and Public Service Commission regulations.

This tariff will uniformly apply to all customers of Barkley Lake Water District, and no employee or commissioner of Barkley Lake Water District is permitted to make any exception to any portion of this tariff without PSC acceptance and/approval.

**A. General Information**

1. All customers must grant, convey, or cause to be granted or conveyed to Barkley Lake Water District a perpetual easement and right-of-way across any property owned or controlled by the customer wherever necessary for Barkley Lake Water District's facilities in order to provide service.
2. Each prospective customer desiring water service must sign Barkley Lake Water District's Water Service Contract before service is supplied by the district.
3. No customer may resell water except under the terms of a special contract executed by Barkley Lake Water District and accepted or approved by the P.S.C.
4. A customer shall notify Barkley Lake Water District immediately if there is a problem with the service or if an accident occurs that affects the water system.
5. With respect to any billing dispute, customer accounts shall be considered to be current while the dispute is pending as long as the customer continues to make undisputed payments and stays current on subsequent bills.
6. Bills and notices from Barkley Lake Water District will be mailed to the customer at the address listed on the Water Service Contract unless a change of address has been filed with the District in writing. The District will not otherwise be responsible for delivery of any bill or notice, nor will the customer be excused from the payment of any bill or any performance required in the notice.
7. Billing Cycle-- Water service will be billed every month.

#### F. Legal Disclaimers

1. For purposes of fire protection, including any customer's fire protection system, Barkley Lake Water District cannot guarantee a water supply at any particular flow rate or pressure. The District's flow or pressure may vary depending on the system's demands or other circumstances. All parties will indemnify and hold harmless the District and its employees from and against all claims, damages, losses, and expenses incurred as a result of insufficient water supply or deficient system facilities. The District's system is not designed nor intended for fire protection in any manner whatsoever. Any party using same for fire protection does so at their own full and sole responsibility.
2. The Utility shall in no event be held responsible for any claims made against it for reasons of system failure or interruption of service. No person shall be entitled to damages or for any portion of a payment refunded for any system failure or interruption of service which is deemed necessary.
3. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance or equipment which is a part of the Utility's water system. Any person violating this provision will be subject to discontinuance of water service and shall be assessed the cost of repairing or replacing the Utility's facilities.
4. If any loss or damage to the property of the Utility or any accident or other injury to persons or property is caused by or results from the negligence or wrongful action of a customer, members of his/her household, his/her agent or employee, then the cost of necessary repairs or replacements shall be paid by the customer of the Utility and any liability otherwise resulting shall be that of the customer.

G. Fast or Slow Reading Meters

- a) If upon periodic test, requested test, or complaint test, a meter in service is found to be more than two (2) percent fast, additional tests will be made to determine the average error of the meter. The tests will be made in accordance with Public Service Commission rules and regulations applicable to the type of meter involved.
- b) If test results on a customer's meter show an average error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except in an instance where the District has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the District will immediately determine the period during which the error has existed, and will re-compute and adjust the customer's bill to either provide a refund to the customer or collect any under-billed amount.
- c) The District will readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period will be estimated. In all instances of customer over-billing, the customer's account will be credited or the over-billed amount refunded at the discretion of the customer within thirty (30) days after final meter test results. The District will not require customer repayment of any under-billing to be made over a period shorter than a period coextensive with the under-billing.

**J. Utility Initiated Termination of Service - Exceptions**

The District will not terminate service to a customer if the following conditions exist:

1. If payment for services is made. Service will not be terminated to a customer that was sent a termination notice if the customer delivers full payment to the District prior to the actual termination of service.
2. If a partial payment agreement is in effect. Service will not be terminated for nonpayment if the customer and the District have entered into a partial payment plan and the customer is meeting the requirements of the plan.
3. If a medical certificate is presented. Service will not be terminated for thirty (30) days beyond the termination date if a physician, registered nurse or public health officer certifies in writing that termination of service will aggravate a debilitating illness or infirmity on the affected premises. The District may refuse to grant consecutive extensions for medical certificates past the original thirty (30) days unless the certificate is accompanied by an agreed partial payment plan. The District will not require a new deposit from a customer to avoid termination of service for a thirty (30) day period who presents to the District a medical certificate certified in writing by a physician, registered nurse or public health officer.

**K. Emergency Termination of Service**

If a dangerous condition relating to the District's service which could subject any person to imminent harm or result in substantial damage to the property of the District or others is found to exist on the customer's premises the service will be terminated immediately.

**L. Access to Property**

The customer shall allow the District at all reasonable hours access to meters, service connections, and other property owned by it and located on customer's premises for purposes of installation, maintenance, meter reading, operation, replacement or removal of its property at the time service is terminated.

M. Service Connections

1. The connection between the distribution main and the customer's premises, including the meter and meter box, shall be furnished by and installed at the expense of Barkley Lake Water District, which will recoup this expense by assessing the customer a charge approved by the PSC.
2. All taps and connections to the mains of Barkley Lake Water District must be made by or under the direction and supervision of the District.
3. In areas where the distribution system follows well-defined streets and roads, the customer's point of service shall be located at that point on or near the street right-of-way or property line most accessible to Barkley Lake Water District from its distribution system.
4. In areas where the distribution system does not follow streets and roads, the point of service shall be located as near the customer's property line as practicable. Prior to installation of the meter, Barkley Lake Water District shall consult with the customer as to the most practical location.
5. Barkley Lake Water District will own and be responsible for the maintenance of all meters and reserves the right to approve the size and type of meter used.
6. Barkley Lake Water District strictly prohibits a cross connection of its system with any other source.
7. Barkley Lake Water District requires a visual inspection by the district personnel of any connection before being covered. Barkley Lake Water District may substitute its inspection with an inspection by the appropriate state or local plumbing inspector, if proof of inspection is presented to Barkley Lake Water District by the customer.

**N. Service Lines**

1. The service line is the pipe from the outlet side of the water meter to the point of usage. The applicant/customer owns and is responsible for the service line from the outlet side of the water meter (or point of service) to the point of usage, must furnish and lay the necessary pipe of the service line, and is financially responsible for all costs associated with the installation and maintenance of the service line plumbing.
2. The service line shall be laid at least thirty (30) inches in depth, shall not be less than three-fourths (3/4) inch in size, and shall be installed, maintained, and repaired in accordance with all applicable statutes, regulations, and codes.
3. The service line trench shall be left open and the pipe uncovered to allow the District to visually inspect the connecting line. Barkley Lake Water District may substitute for its inspection an inspection by the appropriate state or local plumbing inspector, if proof of that inspection is presented to the District by the applicant/customer.
4. If the applicant/customer has a point of usage at a higher elevation than the meter, he/she shall consult with an engineering firm to properly size the service line from the meter to the point of usage.
5. If the applicant/customer desires a higher than normal pressure, he/she shall make provisions for an individual pressure booster system for the service line, subject to approval by Barkley Lake Water District. Barkley Lake Water District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the Barkley Lake Water District's system.
6. If the applicant/customer has boilers and/or pressure vessels that receive water from the District, he/she shall provide a check valve on the water supply line and a vacuum valve on the steam line in order to prevent a collapse were the water supply from Barkley Lake Water District be interrupted or discontinued.
7. If the applicant/customer has used or is using a well, he/she shall provide Barkley Lake Water District access to perform an inspection to verify the well is properly separated from the system.

P. Water Main Extensions.

1. Normal extension. An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more.
2. Other extensions.
  - a) When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility will require the total cost of the excessive footage over fifty (50) feet per applicant/customer to be deposited with the utility by the applicant/customer(s), based on the average estimated cost per foot of the total extension.
  - b) Each year, for a refund period of not less than ten (10) years, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. Total amount refunded shall not exceed the amount paid the utility. No refund shall be made after the refund period ends.
3. The utility may make extensions under different arrangements if such arrangements have received prior approval of the PSC.

Fire Departments.

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 15th day of the following calendar month.

Any User that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water. A User shall submit a monthly report even if it withdraws no water for fire protection or training purposes.

A non-reporting User's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting User may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and shall adjust the presumed usage amount accordingly.

The non-reporting User shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

A non-reporting User shall also be assessed a penalty of \$ 25.00 for each failure to submit a report in a timely manner.

A deposit in the amount of **SEVENTY-FIVE DOLLARS (\$75.00)** is made to the Barkley Lake Regional Water District, P O Box 308, Cadiz, KY 42211. This deposit is necessary to ensure payment of monthly water bills and any late payment charges on delinquent water accounts as prescribed in the tariff of the water district. Upon continuous 18 months service, customers may request the deposit be recalculated. If the deposit on hand is \$10.00 greater than the recalculated usage, the customer can request a refund of any over-collections and the District may request payment for any under collection. Once the final bill and/or late payment charges have been satisfied, any remaining amount of deposit will be refunded to the customer. All payments are due the 15<sup>th</sup> day of the month. Non-payment of an account by the 6<sup>th</sup> day of the month will result in discontinuance of water service by physically locking the meter. **Customers must install and maintain a cut off valve for their use between the meter and their dwelling. The cut off valve on the meter is not to be used by the customer, as continuous usage will result in eventual failure of the valve.** Meter readings are now processed by a radio read meter system and are costly to repair. Any damage an installed radio read meter sustains will result in a charge to the customer. Tampering with meter, service, or valves constitutes disconnection of service and is considered a felony.
